A landscape photograph showing a green field with a small pond, framed by trees. The field is lush and green, with a small pond in the middle ground. The sky is blue with some light clouds. The trees in the foreground are dark green and have thick trunks.

Wild Seed Project

Returning native plants to the Maine landscape

The preceding presentation was delivered at the

2017 National Native Seed Conference

Washington, D.C. February 13-16, 2017
